

Shop First Aid with CPR TRAINING

Shop first aid with CPR training with Retired Engineer Firefighter Paramedic
Michael Seybold from Marin County Fire Dept.

With over 30 years experience in the field and also a EMS instructor, we will go over many basic shop first aid scenarios, from lacerations and crush injuries to bandaging prior to EMS arriving.

We will also provide CPR training and certifications to individuals that take the written CPR exam and complete the hands-on skills before leaving training.
